

# New year. New deductible. Time for Rx savings.

**Activate your Rx Savings Solutions (RxSS) account now to pay less for prescriptions.**

**RxSS is a trusted service**—created and run by pharmacists—that can help you take control of prescription drug costs.

Even if your household isn't taking prescriptions, activating your account can set you up for savings in the future. Share RxSS with family members on your health plan so everyone will know if they can be paying less.

Get started at [myrxss.com](https://myrxss.com)

## How it Works

- 1** RxSS doesn't change anything about your pharmacy benefits or coverage.
- 2** Your RxSS account shows lower-cost prescriptions available and lets you compare prices.
- 3** RxSS can help you switch to a more affordable option.
- 4** We'll contact you anytime you can save on prescriptions.

# Go mobile.

Scan the QR code to download the RxSS mobile app and activate your account.

## How Can You Save?

We find all the medication options for your conditions. You and your doctor decide what's best for your health and budget. Here are just a few ways you might be able to save money:

- Generic forms of name-brand drugs
- Better prices through different pharmacies or mail-order
- Equally effective medications that cost less than your current prescription

## Real People. Real Savings.

“They took service to a whole new level by calling my doctor and the pharmacy and facilitating a prescription change to save me money.”
